

Programme Outcomes

Undergraduate Programme (Liberal Arts)

1. **Disciplinary knowledge:** Understand the concepts and processes related to the subject(s) of study and to demonstrate applicability of their knowledge and its links to related disciplinary areas/subjects of study.
2. **Analytical and critical thinking:** Demonstrate independent learning, analytical and critical thinking of a wide range of ideas and complex problems and issues.
3. **Research and Innovation:** Demonstrate comprehensive knowledge about current research in the subject of specialisation; critical observation to identify research problems and to collect relevant data from a wide range of sources, analysis and interpretation of data using methodologies as appropriate to the area of specialisation for formulating evidence based research output.
4. **Interdisciplinary Perspective:** Commitment to intellectual openness and developing understanding beyond subject domains; answering questions, solving problems and addressing contemporary social issues by synthesizing knowledge from multiple disciplines.
5. **Communication Competence:** Demonstrate effective oral and written communicative skills to convey subject(s) knowledge and to communicate the results of studies undertaken in the academic field accurately in a range of different contexts using the main concepts, constructs and techniques of the subject(s) of study.
6. **Career development:** Show proficiency in academic, professional, soft skills and employability required for higher education and placements.
7. **Team work:** Work in teams with enhanced inter-personal skills leadership qualities.
8. **Commitment to the society and to the Nation:** Recognise the importance of social, environmental, human and other critical issues faced by humanity at the local, national and international level; appreciate the pluralistic national culture and the importance of national integration.
